

# WELCOME TO THE STEEL AGE.

And the start of a beautiful new era.

SteelBuilt Curtainwall® Systems from Technical Glass Products gives you all the advantages of steel, along with tremendous design options. With increased glass sizes, smaller frame profiles and significantly larger spans than traditional aluminum systems, now a whole new universe of ideas is available. SteelBuilt Curtainwall also helps reduce the dependence on artificial lighting by leveraging daylight to illuminate a space. With all this newly found design freedom, SteelBuilt Curtainwall will inspire an unmatched level of creativity.
