

In This Belt-Tightening Economy, You Need Timely's Money-Saving Package.

POTENTIAL SAVINGS NEARLY \$200 PER OPENING.

That's the payoff from Timely's prefinished steel frame/door package* when compared with primed hollow metal frame/unfinished doors.

HERE'S HOW IT ALL ADDS UP:

- Installation labor lowered from 50 to 30 minutes
- Distribution labor reduced from 45 to 15 minutes
- On-site painting down from 180 minutes to 0
- Little or no repair, touch-up or adjustment

FLEXIBILITY AND DEPENDABILITY, TOO.

Greater strength is assured by Timely's full perimeter anchoring system. Count on 90-minute positive pressure fire rating, too. And Timely's wide selection includes 6 stocking and 29 custom colors, or any other color matched. Plus 5 casing profiles, or choose your own wood casing.

**NOW MORE THAN EVER, IT'S YOUR TIME FOR TIMELY.
AN INDUSTRY LEADER FOR OVER 35 YEARS.**

TIMELY
PREFINISHED STEEL DOOR FRAMES
A DIVISION OF S.D.S. INDUSTRIES, INC.
