

# The medium is light. The canvas is SunGuard.

Build With Light. That's what James Cheng Architects did when they combined three SunGuard Advanced Architectural Glass products from Guardian for the tallest building in Vancouver, the 62-story Shangri-La tower.

With Neutral 50 as the primary glass, plus Neutral 61 and SuperNeutral 68, the architects achieved the visual contrast they desired with exceptional energy savings. For complete performance data—and other ways to Build With Light—visit [SunGuardGlass.com](http://SunGuardGlass.com). Or call 1-866-GuardSG (482-7374).
