 **Read Architectural Record for Credit
Important Changes to the AIA/Architectural Record Continuing Education Program Beginning January 1, 2002.**

Architects can earn AIA Continuing Education learning units by reading designated articles and sponsored sections in ARCHITECTURAL RECORD and on Architecturalrecord.com, answering test questions on the Continuing Education Reporting Form and submitting forms for processing. Each month Architectural Record Continuing Education articles and sections are listed on the table of contents in the magazine and on the Web site. Most qualify for health, safety, welfare credit. Simply look for the sign. 

In compliance with AIA Continuing Education guidelines, beginning with the January 2002 issue:

1. A separate Continuing Education Reporting Form must be completed for each continuing education article or section. The form's location is stated in each article. The correct answers to the multiple choice test questions must be circled on the Reporting Form along with the applicant's name, AIA number, and other contact information. A \$10 processing fee payable by check or credit card must accompany each Continuing Education Reporting Form.
2. Beginning with the January 2002 issue, Reporting Forms will be mailed to the Architectural Record Continuing Education processing center address listed on the Reporting Form. All Continuing Education registrations will be forwarded to the AIA/CES records office at the University of Oklahoma for inclusion on AIA Continuing Education transcripts. (The date the AIA/CES records office ascribes to the LUs will be the last day of the month in which they receive notification from the provider that the LU credit has been earned.)
3. Certificates of completion: To comply with state licensing mandatory continuing education issues, RECORD has established a system to provide certificates of completion to participants who request this documentation. A passing score of 70% on the test answers is required for successful completion. You may request a certificate on each reporting form. We've changed our format to closely align with state licensing requirements.
4. AIA/CES-approved magazine articles and sections that are more than two years old can only be self-reported as part of a self-designed research project, not for HSW credit. Contact the AIA records office in Oklahoma for self-reporting: 800-605-8229. Articles and sections published within two years of this issue must use the AIA/CES Reporting Form in those issues and/or follow the instructions on the Web site.
